This coming March, join the fun at NOTSBA's 26th annual Breakin' Up Winter celebration where attendees enjoy a long weekend of outstanding performances, jams, and practical workshops with accredited traditional music professionals.

This weekend is well attended by folks who play fiddle, open-back banjo, guitar, upright bass, dulcimer, and other old-time acoustic instruments.

About two-thirds are locals; most arrive Thursday night and return home on Sunday.

210 musicians attended our last event and every one visited vendors' merchandise displays during their time with us. They love discovering unique instruments, books, and recordings, and past vendors report being pleased with their overall sales.

If you're not in a position to be a vendor this year, we hope you will consider supporting NOTSBA by becoming a Patron or Sponsor...
